

Thursday Night Impact Group UCC 65 at Western University

We believe not only that God exists, but that He is good, He loves you, and that He has an amazing plan for your life, a plan that involves so much **MORE** than you can even imagine.

Join us Thursday nights, 7PM in UCC 65 for a discussion group about what it might mean, from a Christian perspective, to believe in a God who not only exists, but who is actively involved in every aspect of your life, in more ways that you might even know.
